Roll Door Curtain Patch

Quickly patch damaged roll-up doors & rain gutters
Goes on like tape then hardens & cures with the sun’s natural UV rays.

Can be sanded, drilled & painted in about 1 hour!

Quickly touch up scratches, dings, areas around replaced latches and other visual faults between paint jobs!
Door Restore is an ideal solution for restoring chalky and faded roll-up doors, walls, striping & graphics to a “like new” condition.

**“Door Restore” Clear**
Two component clearcoat which can be used to restore dull, oxidized & faded roll doors or used as a top coat with one of our systems.

- 0 VOC compliant across the US
- Two-part acrylic Polyurethane
- Excellent gloss retention
- “Like new” gloss & finish
- Extremely durable
- Excellent chemical & solvent resistance

**6-8 Year Service Life**
Highest Performing Gloss-Durability

**Endura-Crylic**
System 401
Industrial acrylic waterborne coating used for refinishing roll-up steel doors & other substrates.
- Low odor
- Safer for the Environment
- 4 year warranty

**Chem-Bake Colorlast**
VOC Compliant
For repainting prefinished metal including SMP coated materials. Not for direct to metal application (DTM). For DTM primer is required.
- Two part acrylic polyurethane
- VOC Compliant
- High-Gloss

**Chem-Bake OneStep**
System 1201
Our premiere Imron® powered, 2 component high-gloss coating. Excellent for roll doors and roof facades.
- Excellent gloss & color retention
- Self priming on properly prepared substrates
- Direct to Metal “DTM” applications

**4-5 Year Service Life**
Water-Based Easy Application

**10-14 Year Service Life**
VOC Compliant Nationwide

**10-14 Year Service Life**
Direct to Metal No Primer Required

**Restore Your Chalky Faded Doors**
Color saturated exterior and interior paints, with high ultra-violet resistance. Perfect for commercial properties when vibrant or deep long lasting colors are desired. Modern Masters’ Theme Paints were originally created for the world’s largest theme park companies who demand colors with exceptional staying power.

**Theme Paint**
Flat, Satin & Semi-Gloss

Theme Painting products are 100% acrylic, fade resistant & contain less than 50g/l VOC. They come in three sheens; flat, satin & semi gloss.
- **Water-borne**
- LEED® specified
- Designed to work with our top coats (acrylics or urethanes)
- Color change less than 2 ΔE after 2,000 hours of accelerated weather testing (equivalent to 2 years of extreme exterior exposure)

**VOC Compliant Nationwide**
Extreme Fade Resistance

**Industrial Coatings & Specialty Primers**

**Rustoleum Industrial ROC Prime**
Single-component high-performance universal epoxy primer works w/any top coat (acrylics, alkyds, epoxies, or urethanes)
- High-performing, single-component universal primer
- Designed to work w/any top coat (acrylics, alkyds, epoxies, or urethanes)
- Provides long-lasting protection against corrosion
- Fast recoat time; easy soap-and-water clean-up
- USDA and Agriculture Canada approval pending; VOC < 100 g/l
- Used as an anti corrosion primer on metal doors and substrates

**Sierra Performance Beyond Acrylic**
Zero VOC, fast drying & made to be easily cleaned and sanitized
- Superior resistance to chipping, cracking and peeling; excellent color retention
- Fast, convenient, single-component system—dries in 30 minutes
- Impervious to moisture; easily cleaned and sanitized
- Interior/exterior use on primed/painted metal, concrete, masonry, wood, drywall, tile
- Water-based acrylic & water-based 2K epoxy formulas available

855-366-1100
**Ideal Shield Bollard Covers**

We offer a selection of bollard cover styles, sizes, thickness and colors cut to fit your pipe bollards. Available with reflective tape and flat or dome-tops. Available with heavy gauge 1/4” walls.

**IDS-PPF - Flat Top High-Density Bollard Covers**

Ultraviolet stable for 5 years. The plastic part contains ultraviolet and antistatic additives that withstand extreme temperatures. 1/8” nominal wall thicknesses, 4” & 6” diameters.

**IDS-PPP - Dome Top High-Density**

Thermoplastic Polyethylene (HDPE) w/ ultraviolet and Anti-Static Additives. Secured with Ideal Shield Patent-ed tape. 1/8” & 1/4” nominal wall thicknesses. 4”, 5”, 6”, 7”, 8” and 11”.

**Innoplast Bollard Covers**

**Innoplast Flat-Top Bollard Covers**

We carry 1/8” walled plastic bollard covers by Innoplast, in diameters from 4” to 11” and lengths up to 72”. Available diameters and lengths varies by product.

New bollard covers are one of the easiest ways to spruce up the exterior of your facility and create a uniform, branded appearance.

The reflective tape increases visibility and the cover protects the pipe against rust. Covers also eliminate tedious repainting, and can be changed out as needed by simply pulling off the old one and popping a new one onto your pipe or post bollard.

**Browse our full selection of bollard covers online!**
Bollard Covers & Parking Safety

Clearance Bars

Overhead clearance bars effectively warn drivers against accidental collisions in warehouses, car washes, drive-throughs, valet carports, and other low clearance applications.

**PRICING:** All prices listed in this catalog are net with no minimum order. Take advantage of All From 1 Supply quantity pricing on selected items throughout the catalog. All prices are F.O.B, All From 1 Supply unless otherwise stated. Prices and specifications are subject to change without notice.

Please call for larger-volume quotes, custom materials or special applications.

**ORDERING:** You can order from All From 1 Supply through our website. www.allfrom1supply.com

**TERMS OF SALE:** These terms and conditions are in effect at the time of print for this catalog and are subject to change without notice. All From 1 Supply will extend Net 30 credit terms to firms whose credit information has met and passed our credit department’s criteria. Please submit a completed credit application to apply for an open account. We ask for your agreement to pay invoices due according to terms. All credit decisions are made in our credit department and all inquiries should be directed to our credit manager.

- **Net 30:** All invoices are due Net 30 days after the date of invoice. Any account with past due invoices will be placed on credit hold.
- **Credit Cards:** All From 1 Supply offers payment options of Visa, MasterCard, Discover and American Express. When ordering, please provide card number, VPIN if required, expiration date, name on the card and billing address.
  All credit card information is kept confidential.
- **Non-Sufficient Funds (NSF):** Checks returned to All From 1 Supply marked with non-sufficient funds will directly affect your account status. We will add a $25.00 service charge to your account balance for all returned checks.
- **Stop Payment of Check:** If for any reason you should stop payment on a check, without advance notice, all account privileges will be immediately suspended. All future orders will be shipped on a cash-in-advance basis.
- **We do not cover replacement labor costs on defective material.**

**METHODS OF SHIPMENT:** All shipments are F.O.B. All From 1 Supply unless otherwise stated. All From 1 Supply will choose the most expedient, cost-effective method of shipping unless otherwise specified by the customer.

All From 1 Supply strives to ensure that our customers receive only the highest quality service and merchandise. However, we realize that occasionally you may wish to return an item, cancel an order, or on very rare occasions your merchandise may get damaged during transit. Please review the following terms and conditions concerning these situations.

**RETURN POLICY:** Only un-opened, non-customized merchandise will be considered for returning. All return requests must be made within 90 days of invoice and are subject to a 10% restocking fee. Returns will NOT be accepted for any customized merchandise or special orders such as springs, roll doors, diamond plate, bollard covers, flooring, custom paint colors, etc. All returned merchandise must be in its original packaging, un-opened and in sellable condition.

Items that have been used are non-returnable. Prior authorization is required for any return with a corresponding MRA number.

**Shipping Charges** are not refundable. Credits for returned merchandise will not include the original shipping charges. Customers are also responsible for coordinating and paying all shipping charges involved in returning merchandise.

**Product Pricing / Shipping Quote Errors** errors in pricing may occur despite our best efforts. In the event of a major shipping or product pricing error we reserve the right to cancel any order.

**Cancellations:** Orders must be canceled prior to shipping. All credit card transactions are subject to a 5 percent cancellation charge (a pass through charge from the bank) unless requested the same day as the sale. Special or custom orders are non-cancelable once processed.

**Lost or Damaged Packages:** When accepting any shipment all packages should be thoroughly inspected and a piece count made. All freight related damages or shortages must be noted on the bill of lading at the time of receipt. DO NOT sign for visibly damaged packages or boxes without a full inspection of its contents. Failure to make notations on the bill of lading at the time of receipt regarding missing or damaged items may void the shipping insurance. If you receive a damaged item, please contact AF1S within 24 hours.
